

JAMES NIZAM: BIOGRAPHY

James Nizam is based in New Westminster, British Columbia. His work in the area of expanded photography blurs the boundaries between documentation, sculpture, architecture, technology, music and the sciences. The apparatus is always considered, folded back into our understanding of multi-dimensional interpretations of space, time and form. His work has been presented nationally and internationally with exhibitions at Reiter Galerie (Berlin), Christophe Guye Galerie (Zurich), Wilhelm Wagenfeld Stiftung (Bremen), Galerie Clement & Schneider (Bonn), KIT (Dusseldorf), Sharjah Art Museum (UAE), Musée régional de Rimouski (Québec), Vancouver Art Gallery, Surrey Art Gallery, Yukon Arts Centre and Dazibao (Montréal).
